

Clearfield[®]
Production System for Lentils

BASF
We create chemistry

Get the most from your **Clearfield** lentils.

If you're using farm-saved **Clearfield**[®] lentil seed for your 2023 crop, we want to give you more confidence in the quality of what you're planting with our FREE disease and quality testing.

The test is on us.

When you register for the **Clearfield** lentil Seed Quality Offer, we'll pay for:

- Seed quality and disease test package that includes germination, vigour, disease and thousand kernel weight (TKW)
- **Clearfield-Confirm**[®] test to ensure your sample still contains the **Clearfield** trait

Here's how to register.

Sign.

To register for free seed testing, complete, sign and return the attached consent form to BASF (by mail or email) including consent to privacy. Limit of one (1) form per grower.

Sample.

Take a 1 kg representative sample of clean seed from one **Clearfield** lentil variety. Place it in a resealable bag and include a copy of the signed consent form.

Send.

Mail or drop off your lentil seed sample at one of the participating seed labs listed on the form.

For more information, visit agsolutions.ca/clearfieldlentiloffer, speak to your **AgSolutions**[®] Grower Representative or call **AgSolutions** Customer Care at 1-877-371-BASF (2273).

The **Clearfield** lentil Seed Quality Offer.
